GREETINGS FROM YOUR GOVERNOR

October, 2007
Volume No. IV
Issue No. 4

DG Dick Sammis

Membership Growth and the Rotary Foundation

Membership growth is the most important area of focus for my year as District Governor. While service is the greatest gift to our communities and the world, membership growth remains synonymous with the health of our clubs. Many clubs in our District have put membership on the front burner, with creative and fun membership strategies that are 'year round' in nature. They are seeing results!

The Rotary Foundation is a critical piece to the puzzle in attracting new Rotarians. Many volunteer organizations serve their community, but no other group also serves the world like Rotary does. As I've visited clubs and shared my PowerPoint, I've been approached by many prospective members afterwards with words of amazement about the 'scope' of Rotary. Newer members tell me of learning how many people worldwide benefit from Rotary's efforts. I've been told of at least 5 prospective members who have joined Rotary after learning about the 'big picture' of Rotary from my presentation. (And think how brave those sponsors were to take a prospect to hear a District Governor!)

Even if your club focuses primarily on your community, your new members need to know that through the Rotary Foundation, they are joining the best worldwide service organization on the planet. Encourage new members to participate in the RI Foundation! Give them a chance to buy into Polio Eradication! Let them be part of a winner!

November which is Foundation month is fast approaching. Make sure your club has dynamite Foundation programs planned, and be sure to bring your prospects. Let the Rotary Foundation help your club grow.

So you are your club Membership Chair, where to you go from here?

If this thought has occurred to you, you are not alone. Membership retention and growth is the most important issue for Rotary clubs around the world. From Michigan to Mexico to Mali we are all eager to recruit and keep members who will serve the mission of Rotary and with whom we would enjoy spending our valuable time! From an active, growing membership we draw the resources to serve our club goals and make those personal links that strengthen our communities. It all starts with solid membership.

And what does that mean for you? As club membership chair (or president, if you don't have a membership chair), what is your responsibility for a healthy membership? What tools do you have at your disposal? How do you get your club to participate in the process of membership development? Can you get any help from your neighbor clubs? From the District? From the Zone? From RI directly?

Good questions all. I have been asked to serve as District Membership Chair for 2007-2008. I could use your help, and would like to offer mine to you. First, you are all invited to become members of the District Membership Team – a clearing house for ideas, tools and resources to help each other in recruitment and retention of members. This is not just for the clubs that have been wildly successful (although two of them have already said yes). It's for all of us, big and small, growing or declining. Second; and this is the big point of my communication to you: **you are invited to a gathering of membership chairs on November 10 from 9:30am-noon at the Plainwell Community Center, 798 East Bridge Street. It's on M89 (also called Bridge Street), just off 131 a ways in the Island City of Plainwell. It's one block east of Plainwell Ice Cream, and just east of the railroad tracks on the south side of the street.**

At the gathering, I'll share with you some of the strategies I picked up at the President's Conference on Membership, plus some ideas sent to me by some of our most successful clubs. But (and this is most important) we will have structured time to draw out strategies from each other, identify the tools we need to do our jobs, share our concerns and celebrate our wins. I also have your membership chair pins (bet you didn't know there was such a thing) and information on a little competition the district is planning.

Oh, and we will have refreshments. So I definitely need to know who is able to attend to plan for food. If you cannot attend, I'll send you the outline of our discussion. But of course, it won't be the same as being there with your colleagues, and I can't send the food. Sorry.

Hope to see you and get to know you on November 10! Kathleen Tosco, District 6360 Membership Chair & DGN 2009-2010, 338 Highland Court, Plainwell, MI 49080 269-664-4694 ktosco@ntelos.net www.district6360.com – Check out the Membership Section and special membership downloads

ARE YOU OVER 70 AND 1/2???
DO YOU HAVE A RETIREMENT PLAN?
ARE YOU CHARITABLY MINDED?

If you answered the above questions yes - you have a unique opportunity through December 31, 2007.

Based on the The Pension Protection Act of 2006 you may be eligible to done monies to charity (we, of course, would recommend The Rotary Foundation) directly from your IRA account!

The distribution will be tax-free! (Tax-free: oxymoron in United States). You may "contribute" up to \$100,000 prior to the end of the year. Since the distribution is not subject to tax (if made payable to the charity) - you will not be able to claim a tax deduction to the charity.

We are not providing tax advice - we suggest you discuss this opportunity with your tax advisor. However:

- If you have to make a distribution from a qualified retirement plan in 2007 (and at age 70 1/2 you do), and
- If you intend to make a contribution to The Rotary Foundation in 2007, why not
- SKIP the income tax withholding and have your required minimum distribution (or more!) paid from your retirement plan to The Rotary Foundation!!

If this (brilliant) idea appeals to you - we encourage you to contact your financial advisor, investment advisor, or tax advisor!

Thanks for the consideration.

Manya D. Otis
DRFC

P.S. Your spouse may be eligible for similar tax treatment of an IRA distribution.

OCTOBER IS BREAST CANCER AWARENESS MONTH

September 8 has come and gone! **International Literacy Day** was celebrated across the globe; did you even mention it during your club meetings the week before or afterwards? What book have you read recently? The Rotarian? any magazine ? the daily newspaper? Have you read a book to your children? grandchildren? Are you setting a good example? Are you participating in a Literacy Program in your Rotary club? Do you have Literacy/ Education goals set for this Rotary Year?

Partnerships are useful: The Ladies Library Association of Kalamazoo buys, wraps "Books for Babies" and distributes them to Doctor's offices and Social Service agencies in the area. They do 600 books twice a year! What a treat to give to a family to share with a small child. They often go to homes where books are a rarity.
